

OCCUPATIONAL SAFETY AND HEALTH POLICY

It is the Safety and Health policy of Zone Inspection & Services Sdn Bhd to improve the quality of products, services as well as the safety and health performance of employees in addition to those related.

The management and its staff will work together to prevent any potential non-conformance of its products and services as well as any potential injuries and illnesses from incidents that occur in the workplace.

The company is committed to:

1. To prepare and maintain a place and a quality, safe and healthy working system from any hazards and risks.
2. Ensure that all employees are provided with information, instruction, training, and supervision on how to carry out their duties safely and without risk to health.
3. Investigate all non-conformities of its products and services, incidents, occupational diseases, occupational poisoning and dangerous events and take steps to ensure that they do not happen again.
4. Identify, comply with customer requirements, legislation and other requirements as stipulated in the Occupational Safety and Health Act 1994, its regulations and approved industry code of practice.
5. Promote and achieve the objectives of occupational quality, safety and health, working procedures and occupational safety and health guidelines among employees.
6. Provide and maintain a safe working environment.
7. To ensure the implementation of this policy, an Occupational Safety and Health Management system has been established, implemented and maintained in this company.
